

enhancement activities located in Idaho County, Idaho, near Elk City (T28, R9E, Secs. 18 and 19).

In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 CFR Part 1022), BPA will prepare a floodplain and wetlands assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected floodplain and wetlands.

The assessment will be included in the environmental assessment (EA) being prepared for the proposed project in accordance with the requirements of the National Environmental Policy Act. A floodplain statement of findings will be included in any finding of no significant impact that may be issued following the completion of the EA.

**DATES:** Comments are due to the address below no later than April 17, 1995.

**FOR FURTHER INFORMATION CONTACT:**

Robert Beraud, ECN, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon 97208-621, phone number 503-230-3599, fax number 503-230-5699, or Robert Shank, ECN, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon 97208-621, phone number 503-230-5115.

**SUPPLEMENTARY INFORMATION:** BPA proposes to stabilize the stream channel, restore fishery habitat features, and re-establish a riparian shrub community. The project area is roughly 7.1 km (4.4 miles) of state and privately owned land located adjacent to the Red River. The majority of the land is currently used for cattle grazing. The proposed activities are necessary to partially mitigate for juvenile chinook salmon spawning and rearing habitat adversely affected by construction and operation of the lower Snake and Columbia River dams and reservoirs.

Maps and further information are available from BPA at the address above.

Issued in Portland, Oregon, on March 2, 1995.

### Notice of Wetlands Involvement for the Skyline Farm Project

**AGENCY:** Bonneville Power Administration (BPA), Department of Energy (DOE).

**ACTION:** Notice of Wetlands Involvement.

**SUMMARY:** Today's notice announces BPA's proposal to transfer Skyline Farm's water rights from agricultural use to in-stream use for fish. Skyline Farm encompasses about 3640 hectares (9,000 acres) with approximately 50,000 acre-feet of water rights and is located in Malheur County, Oregon. In July 1994, BPA entered into a 1- to 3-year purchase option and water use agreement with the main owner of Skyline Farm. This agreement allows BPA to file application with the state to temporarily transfer use of 16,000 acre-feet of water per year from agricultural use to in-stream use for fish and hydropower generation and evaluate the effects. The purpose of this agreement is to carry out part of the Northwest Power Planning Council's program to increase stream flows in the upper Snake River Basin for salmon and steelhead. This proposal could impact wetlands that occur on the Skyline Farm property. In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 C.F.R. Part 1022), BPA will prepare a wetlands assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected wetlands. The assessment will be included in the environmental assessment being prepared for the proposed project in accordance with the National Environmental Policy Act.

**DATES:** Comments are due to the address below no later than April 17, 1995.

**ADDRESSES:** Submit comments to the Public Involvement and Information Manager, Bonneville Power Administration—CKP, P.O. Box 12999, Portland, Oregon 97212.

**FOR FURTHER INFORMATION, CONTACT:**

Nancy A. Wittpenn, Bonneville Power Administration—ECN-500, P.O. Box 3621, Portland, Oregon 97208-3621, phone number 503-230-3297, fax number 503-230-5699.

**SUPPLEMENTARY INFORMATION:** On the Skyline Farm property, palustrine emergent wetlands occur in drainages located in sections 2, 3, and 4 within Township 18 South, Range 46 East, and in sections 1, 2, 10-17, 20-23, 26-28, and 32-35 within Township 17 South, Range 46 East. Palustrine scrub-shrub wetlands associated with water impoundments within Jacobsen Gulch occur in sections 10, 14, and 16 within Township 17 South, Range 46 East.

Maps and further information are available from BPA at the address above.

Issued in Portland, Oregon, on March 2, 1995.

**John M. Taves,**

*NEPA Compliance Officer for Fish and Wildlife.*

### Office of Arms Control and Nonproliferation; Proposed Subsequent Arrangement

Pursuant to Section 131 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2160), notice is hereby given of a proposed "subsequent arrangement" under the Additional Agreement for Cooperation between the Government of the United States of America and the European Atomic Energy Community (EURATOM) Concerning Peaceful Uses of Atomic Energy, as amended, the Agreement for Cooperation between the Government of the United States of America and the Government of Switzerland Concerning Civil Uses of Atomic Energy, as amended.

The subsequent arrangement would give approval, which must be obtained under the above-mentioned agreements, for the following transfer of special nuclear materials of United States origin, or of special nuclear materials produced through the use of materials of United States origin, as follows: Switzerland to the United Kingdom for the purpose of reprocessing 140 irradiated fuel assemblies containing approximately 57,000 kilograms of uranium and containing 460 kilograms of the isotope uranium-235 (enriched to approximately 0.81 percent) and 590 kilograms of plutonium from the Gosgen nuclear power station. This subsequent arrangement is designated as RTD/EU(SD)-80.

The United States has received assurance from the Government of Switzerland that the recovered uranium and plutonium will be stored in the United Kingdom, and will not be transferred from the United Kingdom, nor put to any use, without the prior consent of the United States Government.

In accordance with Section 131 of the Atomic Energy Act of 1954, as amended, it has been determined that this subsequent arrangement will not be inimical to the common defense and security.

This subsequent arrangement will take effect no sooner than fifteen days after the date of publication of this notice and after fifteen days of continuous session of the Congress, beginning the day after the date on which the reports required by section

131(b)(1) of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2160), are submitted to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate. The two time periods referred to above shall run concurrently.

Issued in Washington, DC on March 6, 1995.

**Edward T. Fei,**

*Acting Director, Office of Nonproliferation Policy, Office of Arms Control and Nonproliferation.*

### **Financial Assistance Award: Kemp Development Corporation**

**AGENCY:** Department of Energy.

**ACTION:** Notice of Intent.

**SUMMARY:** The U.S. Department of Energy announces that pursuant to 10 CFR 600.6(a)(2) it is making a financial assistance award under Grant Number DE-FG01-95EE15622 to Kemp Development Corporation. The proposed grant will provide funding in the estimated amount of \$99,995 by the Department of Energy for the purpose of saving energy through development of the inventor's "Automated Thermal Treatment of Metals With a Mechanically Fluidized Vacuum Machine".

**SUPPLEMENTARY INFORMATION:** The Department of Energy has determined in accordance with 10 CFR 600.14(e)(1) that the unsolicited application for financial assistance submitted by Kemp Development Corporation is meritorious based on the general evaluation required by 10 CFR 600.14(d) and the proposed project represents a unique idea that would not be eligible for financial assistance under a recent, current or planned solicitation. The new technology is expected to provide energy savings of 50 percent and will incorporate a number of new features including computer control and rapid cooling. The inventor and principal investigator, Willard Kemp, is the president of Kemp Development Corporation. He has 54 U.S. patents in various fields and is a registered professional engineer in Ohio and Texas. Kemp Development Corporation will use its engineering facilities for designing, constructing, and operating the prototype unit. The proposed project is not eligible for financial assistance under a recent, current or planned solicitation because the funding program, the Energy Related Invention Program (ERIP), has been structured

since its beginning in 1975 to operate without competitive solicitations because the authorizing legislation directs ERIP to provide support for worthy ideas submitted by the public. The program has never issued and has no plans to issue a competitive solicitation.

#### **FOR FURTHER INFORMATION CONTACT:**

Please write the U.S. Department of Energy, Office of Placement and Administration, ATTN: Rose Mason, HR-531.21, 1000 Independence Ave., S.W., Washington, D.C. 20585.

The anticipated term of the proposed grant is 24 months from the date of award.

Issued in Washington, D.C. on February 27, 1995.

**Lynn Warner,**

*Contracting Officer, Office of Placement and Administration.*

### **DOE Response to Recommendation 94-2 of the Defense Nuclear Facilities Safety Board, Conformance With Safety Standards at DOE Low-Level Nuclear Waste and Disposal Sites**

**AGENCY:** Department of Energy.

**ACTION:** Notice.

**SUMMARY:** The Defense Nuclear Facilities Safety Board published Recommendation 94-2, concerning Conformance with Safety Standards at DOE Low-Level Nuclear Waste and Disposal Sites, in the Federal Register on September 15, 1994 (59 FR 47309). Section 315(e) of the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2286d(e) requires the Department of Energy to transmit an implementation plan to the Defense Nuclear Facilities Safety Board by February 14, 1995, or submit a notification of extension for an additional 45 days. The Secretary's notification of extension for an additional 45 days follows.

**ADDRESSES:** Send comments, data, views, or arguments concerning the Secretary's notification to: Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW., Suite 700, Washington, DC 20004.

**FOR FURTHER INFORMATION CONTACT:** Mr. Thomas P. Grumbly, Assistant Secretary for Environmental Management, Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585.

Issued in Washington, DC, on February 27, 1995.

**Mark B. Whitaker,**

*Departmental Representative to the Defense Nuclear Facilities Safety Board.*

The Honorable John T. Conway,  
*Chairman, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW., Suite 700, Washington, DC 20004*

Dear Mr. Chairman: This is to advise you, pursuant to 42 USC 2286d(e), that the Department of Energy (Department) needs an additional 45 days to respond to the Defense Nuclear Facilities Safety Board Recommendation 94-2, Conformance with Safety Standards at Department of Energy Low-Level Nuclear Waste and Disposal Sites.

The Department has established a Headquarters/Field task force to develop the Implementation Plan, which is receiving considerable input from the field. An integrated systems approach is being used to develop the Implementation Plan. Discussions between the Department and the Board staff have been constructive in developing a responsive plan. However, a 45-day extension is required to more clearly define a cost-effective and efficient approach for conducting the complex-wide review necessary to establish the dimensions of the low-level waste disposal problem. The Implementation Plan for Recommendation 94-2 will be provided by March 31, 1995.

Sincerely,

Hazel R. O'Leary.

### **Office of Energy Efficiency and Renewable Energy**

#### **Motor Challenge Meeting**

**AGENCY:** Department of Energy (DOE), Office of Industrial Technologies.

**ACTION:** Notice of Motor Challenge Roundtable on Market Transformation Strategies for Electric Motor Systems.

**SUMMARY:** The Department of Energy's Motor Challenge Program is convening a Roundtable on Market Transformation. The purpose of the Roundtable is to draw from the experience of the roundtable participants and seek their independent opinions and ideas for developing and implementing the market transformation aspect of the Motor Challenge Program. The roundtable will be comprised of 60 experts from across the country.

**DATES:** Tuesday, April 18, 1995, 1:00-5:30 PM; and Wednesday, April 19, 1995, 8:30 am to 4:30 pm.

**ADDRESSES:** Hyatt Regency O'Hare, 9300 West Bryn Mawr Avenue, Rosemount, IL 60018.

**FOR FURTHER INFORMATION CONTACT:** Motor Challenge Information Clearinghouse 925 Plum Street, SE,
